Below is a complete list of my roller coaster reviews. I haven't reviewed all of the 200+ coasters I've ridden. To see a list of all of the roller coasters that I've ridden go to my [Complete Ride List](#) under About. I invite readers to [request reviews](#) of any roller coasters that I've ridden, but haven't yet reviewed.

You may notice that there are quite a few 8's, 9's, and 10's. Generally, people don't want to read about the coasters that I'd give 4's, 5's, 6's, etc. I typically review the most popular or interesting coasters which quite often end up being some of the best around. See our [Rating Scale](#) to learn more about how we rate roller coasters. And be sure to check back for new reviews.
